THE SEARCH

AppSec leader, Invicti Security - which acquired and combined with Acunetix and Netsparker - was ready to scale their product org and hire a **Principal-level Product Manager**. This hire would own the roadmap, GTM planning and overall accountability of new product introductions.

THE HIRE

This UK-based hire has over 15 years of employment experience, including security and cybersecurity. Experience leading matrix teams and accustomed to working with distributed teams as well as startup models, which are intense and outcome focused. A thought leader and SME, regularly asked to participate in industry events, articles and analyst calls.
